International Society of
Educational Biography

30TH ANNUAL MEETING

APRIL 4-6, 2013

**MENGER HOTEL
SAN ANTONIO, TEXAS**

Twitter: @EducationalBiog

Conference hashtag: #ISEB2013

Facebook: www.facebook.com/ISEbio

The International Society for Educational Biography (ISEB) has a threefold purpose:

- to promote the scholarly study of the lives of educators and those whose lives are educative;
- to encourage the exchange of ideas between scholars of education and those from other disciplines who have an interest in the field of education through the common bond of educational biography;
- to further the improvement of teaching in education by adding a biographical dimension to the study of pedagogy.

The ISEB publishes a journal, *Vitae Scholasticae*, twice a year and holds an annual conference to fulfill these purposes.

By "biography" we include traditional biographical accounts as well as biographical methods, which include narrative, oral history, autobiography, ethnography, auto-ethnography, and self-study. All analytical and interpretative approaches to biographies are encouraged in papers selected for presentations at the annual ISEB conference.

It's never too early to plan for future ISEB conferences! The ISEB annual conference typically takes place either in late April or early May. We hope to see you at our future events.
